

## New Professional Design Services Firm Opens in Youngstown

March 6, 2009  
Akron, Ohio

The GPD Group, an employee-owned, professional design service firm specializing in architecture, engineering, and planning, has opened an office in Youngstown, Ohio. The office, located at 100 Federal East, Suite 200, Youngstown, is an action step toward fulfilling GPD's growth plan.

The GPD Group chose to focus on the greater Youngstown area because of the renaissance of the Mahoning Valley and the critical role municipal architecture and engineering will play in that development. In addition, the city's location in the eastern part of the state will allow GPD to enhance its customer service responsiveness from its other statewide offices.

GPD Group's customers will benefit from the new office in that GPD offers architectural and engineering services from a unique perspective. The company's philosophy is that architectural and engineering projects should be driven by project type, not by discipline. The result is a collaboration of professionals in many disciplines who approach challenges from a set of multiple perspectives. The result is a solution that is customized for a specific project.

The GPD Group, located in Akron, Cleveland, Columbus, Youngstown, Ohio, and Indianapolis, Indiana, is a professional services firm that specializes in architectural and engineering applications for diverse markets, which includes transportation, public works, education, power generation, telecommunications. For more information about the GPD Group, visit them on-line at [www.gpdgroup.com](http://www.gpdgroup.com) or call the toll free number at 1-800-955-4731 ext. 595.
