

## TELECOMMUNICATION SYSTEMS

### ODOT STATEWIDE TOWER ANALYSIS

Various locations throughout Ohio

**Owner:**

Ohio Department of  
Transportation

**Project Completion:**

On-going

**Project Includes:**

Visitation of all towers and telecommunications enclosures on ODOT property over the course of three years. Inspection and summarization of 89 ODOT owned sites. Inventory for loading and lease information of 42 sites on ODOT right-of-way. Regulatory support services for existing towers that were not in compliance with current code.
